

Hiroyuki Omura

Hiroyuki OMURA is not only performing JIS(Japanese Industrial Standards) development of a food-processing machine from 1993, but also provides a business training, workshop, and seminar, concerning a safety and hygiene risk assessment and protective measures at “The Japan food machinery manufacturer’s association(FOOMA)”.

In 2011, He got a doctorate degree of “System Safety Engineering” from “Nagaoka University of Technology” to obtain more specialized knowledge about safety and hygienic design. Now he is teaching at “Nagaoka University of Technology” in addition to work at FOOMA.

He is a member of the EHEDG(European Hygienic Engineering & Design Group) since 2009 and he also holds the secretariat of EHEDG JAPAN.

Hiroyuki gives lectures on all aspects of EHEDG Hygienic Design in Japanese.
